

Gratitude Report

Santa
Monica
Education
Foundation

**2023
2024**

Dear Valued Supporter,

Thank you for your steadfast commitment to enhancing public education for Santa Monica students! Your generosity in 2023-2024 was transformative, enabling vibrant academic, artistic, and athletic experiences across our schools.

This year's Gratitude Report celebrates the impact of your support. Thanks to you, Academic Enrichment Grants brought creative projects to life in classrooms, Middle School sports thrived in its inaugural year, and arts education impacted students from TK through 12th grade. Your contributions have touched every student, empowering each school to offer programs that fuel curiosity, inspire growth, and enrich learning, from STEM and robotics to social-emotional development, expanded arts, and literacy initiatives.

Additionally, thanks to a grant from the Saint John's Health Center Foundation Community Impact Fund, we've been able to strengthen mental health support for our Santa Monica students. Providing support like this shows just how powerful our combined efforts are in building a bright future for Santa Monica public schools.

Your investment makes all the difference. As we look to the year ahead, we are deeply grateful for your unwavering support and belief in the power of public education. Thank you for empowering our students and shaping their futures.

With gratitude,

Danny Guggenheim
President, Board of Directors

Raymur Flinn
Executive Director

OUR MISSION

Meeting the Challenge

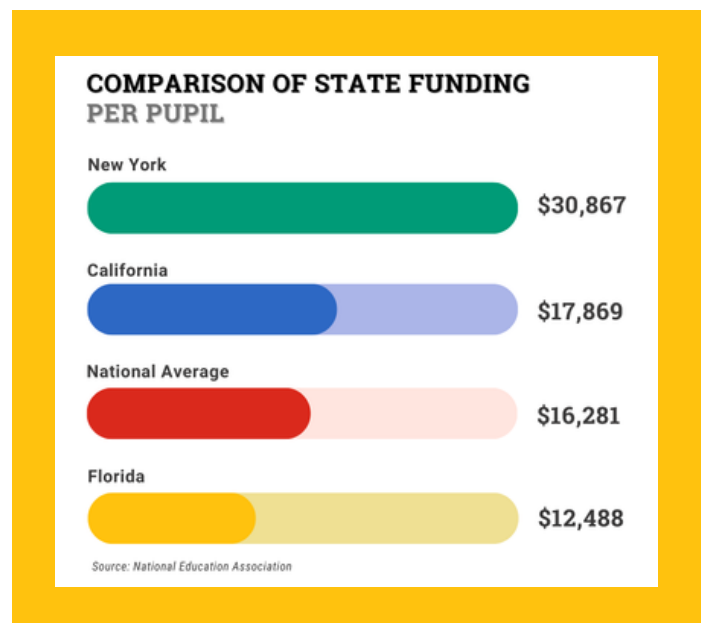

The Santa Monica Education Foundation was organized as a response to devastating federal and state budget cuts in 1982, by a dedicated group of parents, community leaders, and local business owners who sought to enhance and supplement the public school curriculum. Forty-two years later our mission still holds strong: to engage the community to invest in **a vibrant educational experience for ALL students** in Santa Monica public schools.

Fundraising in the first year began with volunteers raising \$25,000 for the district. Four decades later we now have three robust endowments covering arts and academics, an athletics endowment in the making, and an annual goal of raising \$1.8 million annually for programming, staff, and grants.

California spends \$10,000 less per student than top-tier states, impacting essential programming and resources in our district. This shortfall in state funding for TK-12 education leaves our schools with a substantial funding gap.

Your support of the Ed Foundation helps bridge this gap, ensuring that **EVERY student** has access to the academic, art, and athletic opportunities they deserve.

YOUR IMPACT

Your Dollars at Work

Arts Education

The Ed Foundation is proud to fund P.S. ARTS classes at every elementary school, giving students a chance to unleash their creativity, develop self-expression, and enhance their academic growth. While most schools focused on visual arts, some also incorporated theater programs and other arts.

Santa Monica schools are regarded as having robust arts programs, particularly in comparison to other schools in California and the U.S. Our community has shown its dedication to the arts through continued support of the Ed Foundation. Evidence has long supported the idea that **arts education enhances children's academic and social development** in a variety of ways, including:

- Higher Academic Achievement
- Boosted Cognitive Skills
- Stronger Social-Emotional Growth
- Improved Engagement
- Support for Diverse Learners

Your Dollars at Work

Stretch Grants

In addition to annually funded programs, like elementary arts classes and instructional assistants, the Ed Foundation also gives stretch grant to each school. Principals use these discretionary funds however best serves their school community.

At **Lincoln**, stretch grants were used for for a myriad of programs, including teacher training, field trips, 6th grade transition activities, student intervention, and additional materials and supplies.

JAMS used its stretch grant for Targeted Mindfulness work with 6th-8th graders, as well as enhancing the Engineering Pathway with Digital Dragon partnership.

SMASH middle school funded its Learning through Interests coordinator who creates community partnerships for students working on passion projects.

Samohi used its funding in a variety of ways, from Summer Boot Camp and AVID tutors, to providing extra support for social justice initiatives. Stretch Grant funding was also used to support post-graduate opportunities, including Black College Expo, AppFest, and more.

Your Dollars at Work

Stretch Grants

At the elementary level, stretch grants were used to bring a variety of enhancements to our students, from STEM, robotics and regenerative farming, to theater, music, and responsive classrooms.

Programs

Middle School Sports Program Kicks Off with a Winning Year!

Thanks to funding from the Ed Foundation the Middle School Sports Program was successfully launched, giving students the chance to compete, grow, and shine.

The program debuted in the fall with co-ed Flag Football, Girls Volleyball, and co-ed Cross Country, followed by Girls and Boys Basketball in the winter. Spring brought Girls and Boys Soccer, co-ed and Boys Volleyball, and Track & Field, rounding out an exciting year of athletic opportunities.

Santa Monica's middle school athletes had an incredible inaugural year, with highlights including playoff games, undefeated seasons, and top three finishes in Track and Cross Country.

This program has fostered incredible community building, with school spirit soaring as classmates come together to support one another and their school every season. This program exemplifies the impact of community support, ensuring students thrive on and off the field!

Your Dollars at Work

Grants

Bringing Learning to Life with Academic Enrichment Grants

Thanks to 21 Academic Enrichment Grants awarded last year, teachers brought learning to life with exciting projects across history, math, physiology, cultural studies, and more. Students built birdhouses, expanded literacy skills, explored culinary arts, and went on inspiring field trips. A highlight? Using VR headsets for a virtual visit to the Anne Frank House in Amsterdam, among other places!

These innovative experiences, made possible by your support, enriched classrooms and sparked curiosity across all grade levels.

Leveraging Grants for Meaningful Impact

The Santa Monica Education Foundation, through a grant from Saint John's Health Center Community Impact Fund, has expanded vital mental health support in Santa Monica schools. This grant allows social work interns to provide therapy, mental health workshops, and family outreach, offering care to students regardless of their financial or insurance status. This grant also funds SMMUSD's Reflective Parenting Program, which empowers parents with skills to support their children's well-being. By removing barriers to mental health resources, this program ensures that more students have access to the care they need in order to thrive emotionally and academically.

The Future is Bright

Thank You

Bright Futures start with a Strong Foundation

The Ed Foundation allows schools to offer more things that makes school memorable and special for our kids. They help make so many things a reality so our teachers have what they need and out children have a well-rounded educational experience.

- Middle school family

We give to SMEF because we see the benefit for all children in the district, not just ours, and the positive ripple effect throughout our city. SMEF programs create an unparalleled foundation for the next generation of artists, scientists, leaders, and innovators.

- Elementary school family

My children feel very nurtured and fulfilled as students. Many of the people and programs SMEF has added to their SMMUSD lives are their favorite parts of school.

- Samohi family
